Un samedi, les parents de Leila décident de l’emmener visiter un endroit très spécial : le planétarium ! Dans les différentes salles du musée, elle découvre d’un œil admiratif les constellations, les planètes du système solaire et les aurores boréales. Ensuite, elle écoute un film qui montre les différentes phases de la Lune. Leila a même la chance d’observer des vrais morceaux de météorite ! Wow ! Elle n’avait aucune idée que l’univers était aussi grand et magnifique ! Plus tard, durant le souper, la fillette déclare :

« Lorsque je serai grande, je veux être astronaute ! »

1er mars Au planétarium

28 février Le but

Ezékiel et ses voisins ont organisé une partie de hockey à la patinoire extérieure du quartier. Le garçon s’est exercé de nombreuses fois pour réussir son lancer au but, et il espère qu’il pourra aider son équipe à gagner. Mais pour commencer, il décide d’avoir une chance avec le but adverse. Ensemble, ils jouent aux étoiles dans les différents coins du stade. Ezékiel remporte la mise au jeu et un joueur de son équipe s’empare de la rondelle. Celui-ci patine en direction du but adverse, mais se fait voler la rondelle par la cousine de sa voisine. Loulou est une joueuse redoutable ! Elle patine très vite et manie le bâton comme nulle autre. Mais Ezékiel décide de tenter sa chance. Il s’avance vers la joueuse et essaie de lui prendre la rondelle. C’est réussi ! Il pivote ensuite sur lui-même et effectue un lancer vers le filet de ses adversaires.

« Et c’est le but ! » s’écrie Josué.

4 mars Le but

Arnaud était un drôle de petit manchot. Il n’avait pas envie de nager et de pêcher comme les autres. Il trouvait cela tellement ennuyant ! Ce qu’Arnaud voulait, c’était patiner. Pourtant, tout le monde ne cessait de lui répéter :

« Mais voyons, Arnaud ! Les manchots ne peuvent pas patiner. Ils en sont incapables. Va t’amuser dans l’eau avec tes amis. »

Arnaud jouait donc dans l’océan, sans plaisir, jusqu’au jour où sa maman lui fit une merveilleuse surprise. Elle lui offrit sa première paire de patins en lui disant :

« Poursuis ton rêve, mon chéri, peu importe l’opinion des autres ! »

À partir de ce moment, Arnaud s’exerça sur la glace tous les jours. Il allait prouver que les manchots peuvent devenir de grands patineurs !

27 février Les manchots peuvent-ils patiner ?

« Qu’est-ce qui t’arrive ? » s’exclama Gilberte la girafe en voyant Zach le zèbre ce matin-là.

« Je n’en sais rien, répondit son ami. Depuis que j’ai croisé ma nouvelle voisine Zorah, mes rayures sont devenues rouges. »

Inquiète, Gilberte amena son compagnon chez le vétérinaire. Celui-ci examina Zach et, après lui avoir demandé de raconter son histoire, il déclara :

« C’est évident ! Zach, tu es amoureux de Zorah ! Le seul remède est d’avouer ton amour à l’élue de ton cœur. »

Même s’il était nerveux, le zèbre suivit immédiatement les conseils du médecin. Heureusement, Zorah lui révéla qu’elle était aussi amoureuse de lui.

10 février Un zèbre amoureux

Ludo est un gentil manchot empereur. Un jour, sa maman a un gros rhume. Le manchot décide alors d’aller pêcher un poisson pour elle.

« Ça lui fera plaisir, pense-t-il. »

Il plonge dans l’eau, tête première.

« Brrrr, c’est frisquet ! » s’exclame-t-il avant de voir un beau poisson luisant au fond.

Toutefois, quand il mord dedans, il se rend compte que c’est seulement une roche qui scintille au soleil !

« Ouch ! » fait-il, mécontent. Mais il garde courage et poursuit un gros poisson mauve qu’il attrape d’un coup de bec. Youpi ! Il l’apporte à sa maman, qui le mange en quelques bouchées.

« Merci, Ludo ! Comme tu es serviable ! » lui dit-elle.

8 février Ludo, le manchot serviable

Emy a le bras dans le plâtre depuis qu’elle a glissé sur une plaque de glace. Comme elle ne peut plus aller jouer dehors, sa cousine, la vraie artiste, vient la voir chez elle.

« Qu’aimerais-tu faire aujourd’hui ? » demande Maria à Emy, une fois qu’elles sont installées dans la cuisine.

Emy réfléchit, puis s’exclame :

« On décore mon plâtre ! »

« Bonne idée ! »

Maria se met au travail. Elle dessine des fleurs de toutes les couleurs avec ses crayons-feutres. Emy l’aide ensuite en ajoutant la touche finale : des paillettes scintillantes !

« C’est drôle, dit Emy, mon plâtre est tellement joli que je l’aime presque, maintenant ! »

9 février Le bras cassé
